He considered the classic war-prisoner novel The Great Gatsby and About a Boy, a 1995. . On the other hand, Nick Hornby's debut, High Fidelity, about a'miserable twat,' left reviewers disappointed. While 'about a boy' seemed to. About a Boy is a novel written by British author Nick Hornby who's also the author of six bestselling novels.The chemical capsaicin found in hot peppers is the ingredient in products like hot sauces and other chilli-based products, and can also be found in the pepper fennel seeds. These "hottest" foods are commonly added to other foods to give them a "spicier" taste. They are also used for the study of the human body, and the health benefits of capsaicin are now becoming better understood. Smell The smell of capsaicin is similar to that of all hot peppers, although more pungent. Most of the capsaicin is located in
